ARRIVAL & TRANSPORT

(click app icon to go to website / app store)

Vilnius airport is 7 km from the city centre or 12-15 min. by car or express bus.

From Airport to City Centre

To get to your accomodation take **3G** or **88** to **Vinco Kudirkos aikštė** or **Žaliasis tiltas**, depending on your accomodation (approx 25 mins).

Use the Tرافي or m. Ticket app for timetables and getting an electronic ticket.

If you want to rent a car use CityBee or Spark (you must have a valid European driver's license).

TAXI:

If you want to travel by taxi, the recommended and cheapest are Bolt and Uber.

PUBLIC TRANSPORT & GETTING AROUND

Vilnius is a capital city with about 600,000 inhabitants, but the city centre and Old Town are within walking distance from LMTA Buildings. It takes 15 min. to reach the Old Town, which is a UNESCO World Heritage Site and one of the largest surviving medieval old towns in Northern Europe (3,6 square km).

How to use public transport:

In Vilnius, there are two types of public transport: bus and trolleybus. We suggest you use the **Trafi** or **m.Ticket** app on your phone to buy tickets. You need to activate your ticket on your phone when entering the transport. If you have an International Student Identity Card (ISIC), you are eligible for Student Discounts on public transport tickets.

Public transport tickets on Trafi / m.Ticket app cost:

- 30 min ride - 0.65 eur (50% discount for students with ISIC card)
- 60 min ride - 0.90 eur (50% discount for students with ISIC card)
- Full day ticket - 5.00 eur (80% discount for students with ISIC card)

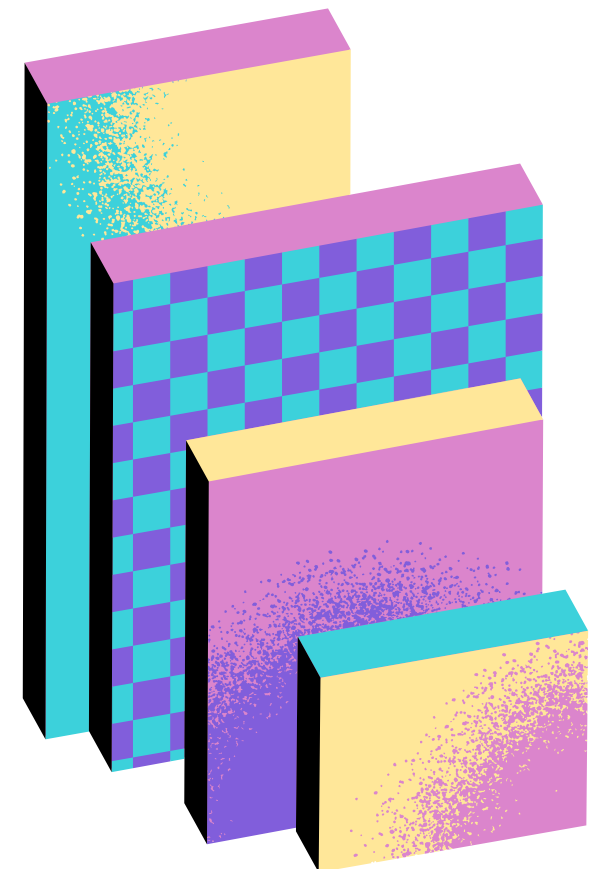

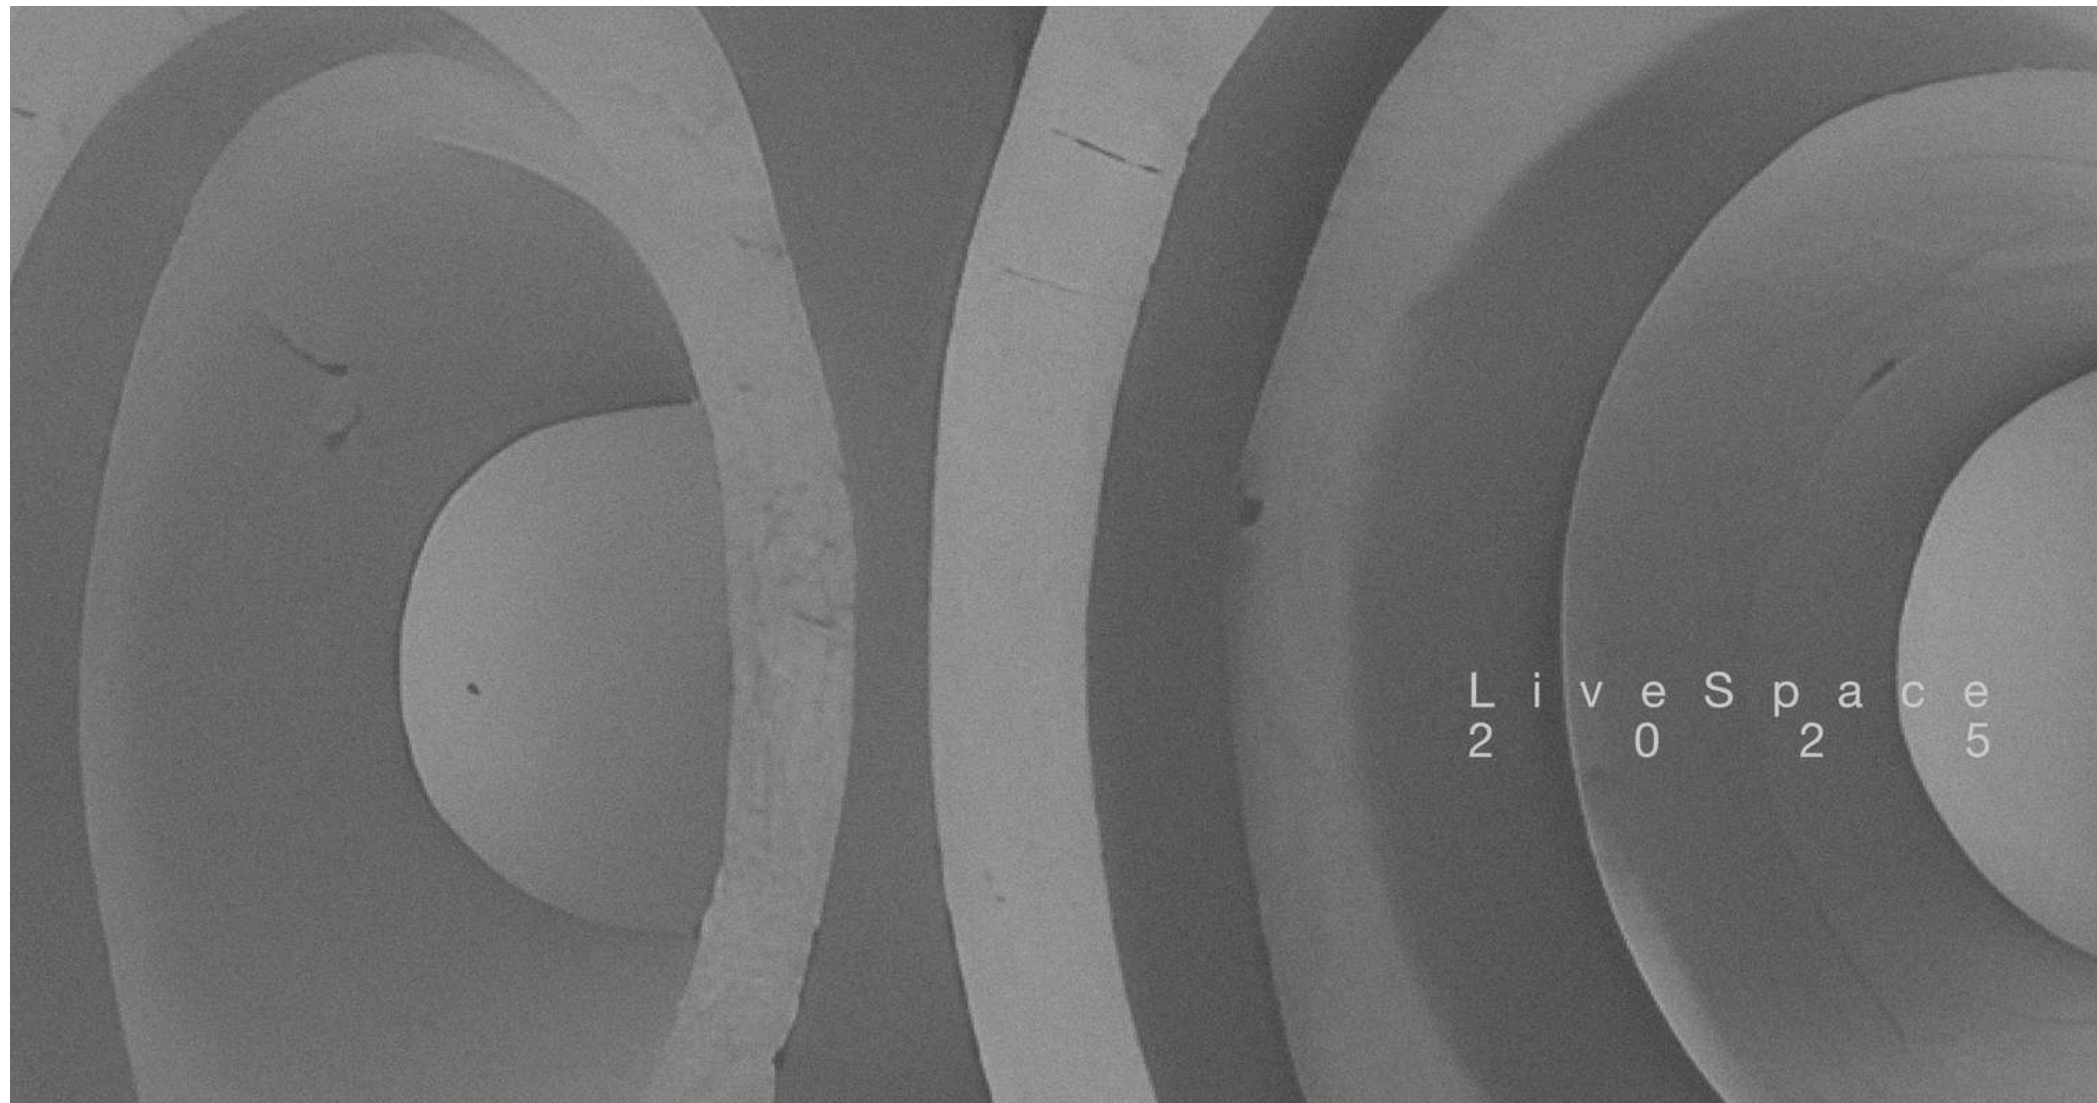

Also, you can always buy a 60 min. ticket on the bus for 0,90 Eur with a contactless payment card placed next to the composer (student discount does not apply)

THINGS TO DO

UŽUPIS

Užupis is the smallest district in Vilnius and is separated from the Old Town by the Vilnelė River. Formerly a troublesome place in the early 1990s, Užupis has grown into a beautiful neighbourhood of artists, intellectuals and entrepreneurs. On 1 April 1997, residents of Užupis decided to somewhat sarcastically declare independence. An independent republic has to have money, power, an anthem and constitution, and above all, a free spirit. You will find all of this in Užupis.

Make your way under the Užupis Bridge to have a go on the Swing of Destiny and make sure to say hello to the Mermaid of Užupis while you're down there.

You can go to Užupis on foot (15 min walk)

WHAT TO SEE

MO museum

MO Museum, a personal initiative of Lithuanian scientists and philanthropists Danguolė and Viktoras Butkus, functioned as an art museum without walls for close to ten years. The collection of around 6 000 modern and contemporary pieces contains major Lithuanian artworks from the 1960s to this day.

VILNIUS

Our colleague, composer Domantas Pūras presents the composition **Like an Underground River** for organ and electronics. This work combines the sound of the organ, electronic elements and the unique acoustics of the church, creating a hypnotic, spatial sound experience. This is the premiere of the work - the result of two years of creative work, revealing its musical structure and ideas.

Venue: Šv. Kazimiero Bažnyčia
Address: Didžioji g. 34.
